

WETLANDS: SECURING FRESHWATER FOR ALL

Online Panel Discussion

Monday, 1 February,
15.00 – 16.30 CET

Wetlands and Water is the theme to mark World Wetlands Day in 2021 and this event will highlight the important role of wetlands for fresh water security and to achieving SDG 6 on ensuring availability of water.

The panellists will provide insights on why we need to **upscale and accelerate initiatives** that conserve wetlands and all freshwater ecosystems to **ensure freshwater for all**.

THE SPEAKERS WILL DISCUSS:

- The status and trends of the world's freshwater ecosystems
- The enabling environment and fundamental drivers key to transitioning towards conservation and sustainable use of freshwater ecosystems
- Examples of emerging initiatives and actions leading the way to more sustainable freshwater ecosystems management
